This letter acknowledges the initiative of Project Rummana in our school on the 22nd June 2022. Project Rummanna's team has conducted the workshop with the students of our Bangladesh International School & College (BISC)'s children of 9th grade, totaling 48 students.

Bangladesh International School & College (BISC) is a leading international school in Bangladesh dedicated to create better lives for students and staffs. Mental health is an important topic, that still needs vast improvement and infrastructure in Bangladesh. BISC is dedicated to support our students & staffs, the cause and the initiative by Taqiul Ghani and team Project Rummana.

BISC plans to use the data collected by Dhaka Medical College for improving the current situation of our students and for research development purposes BISC has a total of two campus with 1500 students. The recommendations and advice of Psychological Health and Wellness Clinic will also help us improve our understanding of the current situation of our students.

Looking forward to future workshops by Project Rummana.
