

TEACHETH MAN THAT WHICH HE KNEW NOT

To whom it may concern

This is to acknowledge that a workshop conducted by Project Rummana at the Independent University, Bangladesh (IUB) on August 02, 2022. The aim of the workshop was to raise awareness on mental health among the undergraduate students. I coordinated the workshop and found that the participants were encouraged and enjoyed the workshop.

Best wishes for Project Rummana.

With best wishes and regards,

Md. Rabiul Islam

TO WHOM IT MAY CONCERN

This is to acknowledge the workshop conducted by Project Rummana at Chittagong Grammar School-Dhaka (CGSD) on 28th of June 2022. The workshop was conducted for the community school, which dedicates resources for the education of underprivileged children who are aged between 14 to 16. Project Rummana conducted the workshop in collaboration with our mental health counsellor to raise awareness and educate the children about mental health for 50 students.

Chittagong Grammar School was founded in 1992 and is a leading educational institute in Bangladesh with 6 campuses in Chittagong and Dhaka. The school has a community school where the students are often from underprivileged families. CGS is dedicated to building a future for the students of Bangladesh regardless of their backgrounds and supporting those in need.

I was very pleased with the initiative of Project Rummana, an awareness of mental health is needed for the students who are often neglected and do not have the exposure to this topic of mental health. The workshop was very concise to the audience with the factors of age, gender, language-preference, maturity, collaboration with renowned working partners to make an effective result for our students. Project Rummana works towards breaking social stigma and taboo around mental health for the student population of Bangladesh.

We are looking forward to future collaborations with Project Rummana.
